## NATI delivers Christmas Hampers and Support Across Canada

NATI remains a progressive Order of Knights and has solidified our selfless ambitions at fighting Child Abuse...

We assist clients with, go forward vocational and retraining strategies and help fund courses and relocations depending on unique situations. We provide association and support until clients can transition back into society, without fear or intimidation by their abusers.

We arrange for referrals/advice from lawyers and other professionals. We also provide remote support and remote chaperone by means of security contracts. We advocate to Federal and Provincial Governments, Police, and offer assistance with this to those that can not do this by themselves.

NATI is proud of our collective achievements and support from all of you. We are grateful and honored of your support to our community and regions.

Please join the fight against child abuse. There are many organizations and clubs to join. Whether you join N.A.T.I or another organization, please do not sit there in silence. Please find a way to help these children. Organizations are not receiving the funding they once did. By voicing your concerns/opinions to local leaders and politicians, we can have influence. Our children need your help.

*NATI, CFJ, GOC, to mention a few keep up an ongoing and international battle to fight child abuse.... The children of the world need help more than ever before.*

# NATI Christmas Sharing

Just an Operational Update for NATI Nation, as we do not get a lot of success stories with the modern-day challenges and many of our subjects' face laws that favor the perpetrators and support the abusers, more than the victims.

Our Winnipeg Castle has supported a couple families over the past Christmas and helped them welcome in the new year with Santa and the bagpipes. Well done to Yoda, Duchess, Pyro, and T-Bone.

The Richmond Castle has provided Christmas Support to two young mothers and her kids in the Belleville area. Christmas hampers were delivered Dec 15<sup>th</sup>, the families were extremely grateful. Tears flowed due to a recent layoff, so it was a definite blessing for the Subjects and their kids.

The Medicine Hat Castle has provided Christmas Support to 6 families within the Medicine Hat Castle. They made a float and paraded with the community in support of Children everywhere.

Tiny, Scarlet, Rampage, Rogue, Bonez and Stix.

Our Sudbury Castle has supported two children by means of the Sudbury Warriors Sponsor-a-Child program. Many thanks to Muffin, Peekar, Keri, and Redd, for this kind and considerate program that helped many kids over the season. Well done to all.

# Community

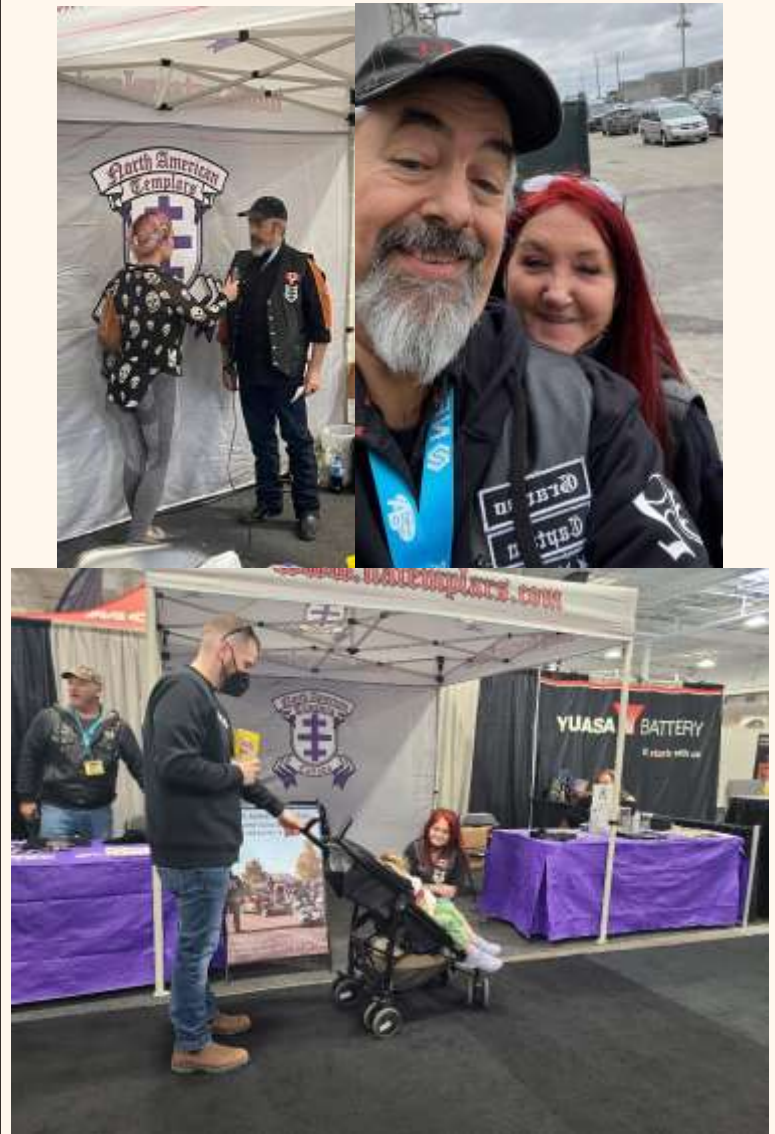

# Events

North American Templars International has lost one of their long-standing members last November, as our Dear Knight Turtlelady had passed on unexpectedly, leaving behind her husband, Clarence, and two children. She worked hard in the Manitoba motorcycle community and NATI was honored to serve with her over the years and she will never be forgotten.

NATI is delighted to share some fun at the Toronto Bike Show in 2023.

# Subject Knight Stories

## National Public Relations Officer Cuba

I remember being broke for Christmas one year after food shopping and paying the bills and wrote a postdated check to make sure I could provide a good Christmas for my family. I've lived as high and as low as it's possible to go. There were times I'd put \$10 worth of gas in my tank and other times \$50. I've had \$5 to just feed myself and I've also had \$200 to go out to eat. I've had a house full of food and times I didn't have any. I've been in stores cashing out with no worries and I've also had to add it up and put things back on the shelf. I've paid my bills in full and I've had to pay them late too. I've given money and I too have had to ask for it.

We all have highs and lows in life. Some certainly more than others, but we are all just trying to make it.

No one is better than anyone else and my heart is sad for those people who think that they are. No matter how big your house is, how new your car is, or how much money sits in your bank account - we all bleed red and will eventually fade from this earth. Death has no discrimination, and neither should your life. Be kind to others. We are all here to serve. Stop the power tripping. Your oversized ego won't get you anywhere. Be humble. And keep faith going.

## NATI Statistics

We can not use names or locations yet of abusers but the public deserves this information so it can protect themselves and their family. All citizens know the police alone cannot protect you.

NATI and our subjects continue to feel the sting from an upside-down social net and defunct legal system. We continue to see very detailed and extensive support being given to perpetrators and criminals while victims and citizens receive far less support.

Incarceration and the various aftercare homes available to perps cost far more than any compensation that a victim would receive. Victims' services try hard, yet it can't compare to the; health care, food, shelter and support programs available to perpetrators. Victims must pay their own rent, food, support etc., while struggling with the trauma of victimization.

We continue to track a known perpetrator who continues to operate in a Victims Advocacy Organization. We sent two reports to two levels of police with private testimony from four victims. One victim attained a conviction of a lesser charge. The same perpetrator openly advocates his criminal associations.

A recent perpetrator who likes to go in social media and attack our senior leadership suggesting we are a murderous religious group. He claims that we have done him and his people wrong, spews out toxic words on community sites that make no sense. He continues to undermine his past wife and kid with ridiculously false information that requires court appearances. The perpetrator is self destructing and neither he nor his victims get any help.

# World Community Partners

## Community support:

From our Facebook presence, we will reach out and ask those who dare to share their stories anonymously on our publication. By sharing your story of survival, you can help other victims and find peace by talking about your experience. A place for one to seek camaraderie, compassion and fellowship among survivors is important for healing.

We have many subjects, mostly young mothers, and their children. There are so many more horrific stories from victims' services, crown attorneys and so many others failing the victims that we call our beloved subjects. They need your help; we need your help.

We ask those who suffer, please share your story and reach out. You are surrounded by ArchAngels. For information on how to share your story, please email [Info@NATemplars.com](mailto:Info@NATemplars.com)

A beacon of fellowship and support is symbolized by our Cross of Lorraine, our Knights Order is symbolized by our Cross of Salem

# Crusaders For Justice

## Belgium

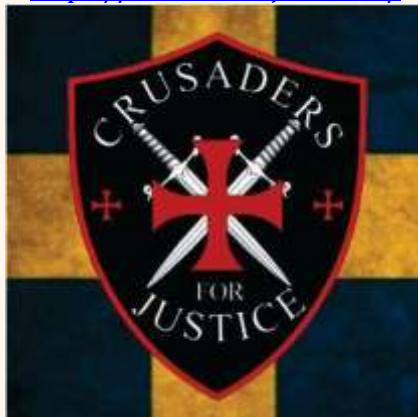

<https://www.crusaders.be/>

CRUSADERS FOR JUSTICE is an international order of motorcyclists with one common goal: to protect, help and support all children. They take on any form of child abuse so that every child can grow up happy in a healthy environment. They are a group of bikers, men and women, who are committed to the well-being of children. If you can help, have any questions, or are interested in joining us, please let us know.

# NATI Youth Castle

NATI Youth Castle is now recruiting Knight worthy teenagers from 13 to 18 years of age.

N.A.T.I Youth Castle is the brainchild and development our membership and their regional communities. N.A.T.I. Board will oversee the Youth Castle that is developed and run by both NATI Castles & Youth members.

N.A.T.I Board has commissioned a Peer-to-peer youth program. Program will consist of collaboration with various communities and regions as they expand existing regional Castle.

Our Peer-to-Peer community-based Youth Castle is looking for youths between the ages of 10 to 17 years of age that are descendants of existing N.A.T.I knights. More to come Reach out if interested, as we are developing a pilot program in the Smith Falls region and Medicine Hat region.

# GOC Toronto

Don't Let Your Silence Drown Out Their Cries"

The mission of Guardians of the Children (GOC) is to recognize and react to child abuse and educate the public to do the same. GOC advocates to provide strength and stability to families in crisis; and be an answer to the prayer of an abused child or teen for courage, support, and protection.
